Meet Darrius Marcellin

VOYAGELA STAFF

Today we'd like to introduce you to Darrius Marcellin.

Every artist has a unique story. Can you briefly walk us through yours?

Born and raised in the Caribbean island of Trinidad, I grew up in a lower middle-class family. Many times we wouldn't have had running water. I excelled at soccer and was scouted to play Division I at over 30 schools. I grew up a die-hard New York Knickerbocker and decided to go to Brooklyn. I visited New York as a kid and had my dreams to one day make it there. I moved to Brooklyn and lived with my mother in Crown Heights and started at St. Francis College in Brooklyn.
